

About the Instructors:

Lead instructor **Travis Brock**, ASP, CHST, **Shield of Armor Safety**, is a seasoned safety professional who believes that through effective risk management, safety education and a strong company safety culture, employers can reduce and eliminate costly accidents.

Travis is a designated UW OSHA ED Center Construction Safety Specialist, Associate Safety Professional & Construction Health & Safety Technician through the Board of Certified Safety Professionals and a qualified trainer in numerous essential safety and health related topics.

A top MCAWW instructor, **Jay Danner** is an SPD Project Executive for **Hermanson Company**, where he directs a variety of tasks from facilitating the customer relationship to estimating, planning, scheduling, and managing the project while ensuring that the goals for the project are met.

He graduated in 2012 with his Bachelors of Science in Construction Management from the University of Washington and has completed OSHA 30 training.

Mike Kunkel is a Plumbing Superintendent for **MacDonald-Miller Facility Solutions**. Mike oversees manpower on projects and coordinates the engineering, detailing and fabrication for his projects.

Mike was in the United States Marine Corps from 1994 to 1998. In 2003, he graduated from Renton Technical College and the plumbing apprenticeship. Mike is a faculty member at the Seattle Area Pipe Trades (JATC) and teaches the Foreman Certification Program.

Putting a New Lens on SAFETY

A workshop for company and jobsite decision-makers, enabling them to create, influence, change, and promote a company-wide safety culture.

Course #505-18-SAF

October 17 & 24, 2018
12:00 - 4:00 pm

Sponsored by

Mechanical Contractors Association
WESTERN WASHINGTON

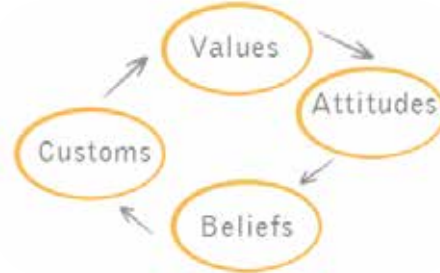

PUTTING A NEW LENS ON SAFETY

Description

The cost of an unsafe work site impacts every facet of your business. **The choice of being proactive about safety can change everything.**

This 2-day workshop will show you exactly how critical safety is to your job, your business' bottom line, why it should matter and how to implement changes. Whether you are a Manager, Superintendent, Foreman, PM or Executive, the class will provide you with the tools necessary to influence change and create a better culture.

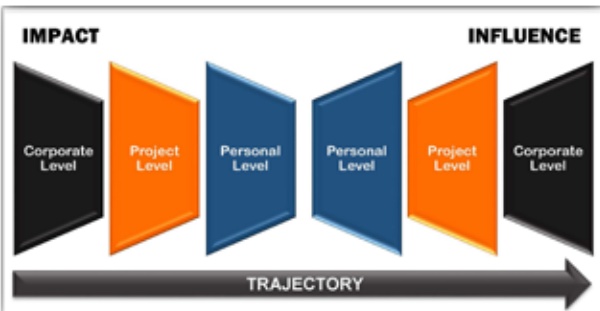

Program Objectives:

1. Seek ownership and personal responsibility for safety across all levels of the company, no matter your position or authority.
2. Analyze and quantify the short and long term financial and operational outcomes of safety on the organization.
3. Understand and manage the impacts of safety on morale, productivity and employees' well-being.
4. Create an effective safety culture on every job by utilizing relationships with GCs, Owners and Subcontractors to drive successful project outcomes.
5. Become empowered to effect change through a company-wide shift in safety culture.

Who Should Attend

Whether you are in the field or office, you can influence and impact the safety culture and practices in your company. This seminar is intended for everyone from executives, controllers, PMs, Superintendents, Foremen, Safety Coordinators and more!

Dates: October 17 & 24, 2018

Time: 12:00 - 4:00 pm (lunch included at 11:30 am)

Tuition: \$225

Location: MCAWW Training Center,

1100 Olive Way, Suite 1250, Seattle

Tuition includes class materials and lunch
