

## Technology Advisory Committee

MCA of Western Washington is now accepting letters of interest to participate on the 2020 Technology Advisory Committee (TAC). The purpose of the committee is to raise members' awareness of trends and processes in technology that can aid in improving their safety practices, competitiveness, and productivity.

The Committee will be comprised of 6-8 MCAWW members from a variety of different size firms, backgrounds and strengths. In order for the TAC to be successful, committee members are expected to actively participate. The Committee will meet monthly for 2-hour meetings at MCAWW. In between meetings, committee members will be expected to research new technology, possibly attend conferences, and communicate regularly with MCAWW and other committee members.

**If you are interested in participating, please submit a Letter of Interest to MCAWW that includes the following information:**

1. Your name, firm, title, email, cell number
2. Number years in the industry, description of your responsibilities and how technology plays a role in your work
3. Why you want to participate on the Committee and what you would bring to the Committee if selected
4. On a scale of 1-10 (with 10 being high), how you would rate your level of awareness when it comes to new technology (trends and processes) including hardware, software, equipment & materials
5. What areas/types of technology you are most interested in
6. How you currently get your tech news and stay on top of trends
7. Anything else about you and your expertise you think would benefit the committee and MCAWW membership

Submit your completed Letter of Interest to [amuoiio@mcaww.net](mailto:amuoiio@mcaww.net) no later than **November 15th**.

Appointments will be confirmed in December for a term of two years from January 1 to December 31, 2021.
