

INTRO TO PIPEFITTING

Description

This introductory course will help you better understand the Pipefitting trade and common hydronics systems they install. Areas covered include heat transfer, system identification, plan and specification reading, and the unique construction processes.

Benefits

- » Illustrate the differences between Plumbing & Pipefitting.
- » Understanding the basics of Heat Transfer and its uses in hydronics.
- » Explore the most common Hydronic systems in buildings.
- » Examine the components of the common systems and how to identify them on plans.
- » Learn the various phases of construction related to Pipefitting scope.

Who Should Attend

This program will benefit project managers, project support staff of all levels and anyone who wants a solid overview of Pipefitting

Class	Date	Time*	Location
Part 1	July 19, 2021	2:00 - 3:30 pm	Zoom

*Mailing Address: _____

Address Line 2: _____

Years in Industry: _____

Supervisor: _____

*Please provide mailing address for class materials.

Confirm that you are available for all classes, or list any known exceptions:

I am available for all classes or

Known Exceptions: _____

Check here if you require special accommodations under the American with Disabilities Act.

HOW TO REGISTER:

**E-Mail completed registration form
to MCAWW@mcaww.net**

Your firm will be invoice once seat is confirmed.

Registration Deadline: June 25, 2021

Zoom meeting links will be emailed prior to the class sessions.

*Class limited to 20 participants
(Number of attendees per firm may be limited)*

MCA of Western Washington occasionally videotapes, records or photographs events for the purpose of responsibly promoting the association and/or attendance at future events. By registering for this event you agree to allow us to use your name and likeness for such purposes.

Introduction to Pipefitting

Course #403-21-V

Monday-Wednesdays
July 19 - August 4th 2021
2:00 to 3:30 p.m.
via Zoom

The Instructors:

Rory Olson, Vice President of Service
MacDonald-Miller Facility Solutions

Jeff Phillips, Estimating Manager
MacDonald-Miller Facility Solutions

Learn the answers to these questions:

- *What is the difference between Plumbing & Pipefitting?*
- *Why don't we simply use ductwork to transport heat?*
- *How do I identify what type of system is being installed on my current project?*
- *What are some innovative techniques being applied to Pipefitting scope?*

MCAWW Board of Education:

Maria Boyer (Chair), *MacDonald-Miller*
Stephen Hengl (Vice-Chair), *Hermanson*
Jay Danner, *Hermanson*
Sheri Keeley, *McKinstry Co.*
Rory Olson, *MacDonald-Miller*
Kelly Peterson, *Holmberg Mechanical*
Steve Russo, *UMC*
Ty Baldi, *Pacific Plumbing*
Leah Gutmann, *First Forward Consulting*
Jason Goetz, *Holmberg Mechanical*

MCA of Western Washington
is proud to sponsor ongoing
educational programs and seminars
for the benefit of our members:

Project Management:

MPM 1
MPM 2
MPM 3

Technical Training Series:

Intro to HVAC
HVAC Engineering
Intro to Plumbing
The Last 10%

Mechanical Service Professional (MSP)

Sample of Recent, Specialized Seminars:

Virtual Interviewing and Presenting
Decision Making Workshop
Payroll Trust Reporting
Fierce Conversations
...And many more!
